Nama: Muhammad Daffa Abiyyu Muhana

NIM: 121140222

PRAKTIKUM 7

```
CREATE TABLE mahasiswa (
nomer INT AUTO_INCREMENT PRIMARY KEY,
nama VARCHAR(255),
nim VARCHAR(25) UNIQUE,
program_studi VARCHAR(50)
);

INSERT INTO mahasiswa (nama, nim, program_studi) VALUES
('Asep', '121140666', 'Teknik Informatika'),
('Adit', '121130777', 'Teknik Elektro'),
('Amin', '121120888', 'Teknik Sipil');
```

Untuk Menambahkan Data Mahasisua ketalam Jatabase Mengunasan msertinto

```
CS Dipindai dengan CamScanner
```

```
??php
include ('koneksi.php');
if ($_SERVER["REQUEST_METHOD"] == "POST") {
    $nama = $_POST['nama'];
    $nim = $_POST['nim'];
    $prodi = $_POST['program_studi'];

    $query = "INSERT INTO mahasiswa(nama,nim,program_studi) VALUES ('$nama', $nim', $prodi')";

    if (mysqli_query($conn, $query)) {
        echo '<script>alert("Data telah berhasil ditambahkan.");</script>';
        echo '<script>window.location.href = "index.php";</script>';
        exit();
    } else {
        echo "Error: " . $query . "<br>} . mysqli_error($conn);
}

}
```

```
Untuk Menambahkan Data Mahasisum ketalam database Mengunakan meertinto
```

```
<!php
include('koneksi.php');

if (isset($_GET['edit'])) {
    $Edit = $_GET['edit'];

    $query = "SELECT * FROM mahasiswa WHERE nim = '$Edit'";
    $result = mysqli_query($conn, $query);

    if ($result) {
        $mahasiswa = mysqli_fetch_assoc($result);
    }*else {
        echo "Error: " . $query . "<br>    }*else {
        header("Location: index.php");
        exit();
}
```

Untuk mengambil data manahibwa Ymy akom Liedit

```
CS Dipindai dengan CamScanner
```

```
c?php
include('koneksi.php');

if ($_SERVER["REQUEST_METHOD"] == "POST") {
    $nim = $_POST['nim'];
    $nama = $_POST['nam'];
    $prodi = $_POST['program_studi'];

    $update_query = "UPDATE mahasiswa SET nama = '$nama', program_studi = '$prodi WHERE nim = '$nim'";
    $result = mysqli_query($conn, $update_query);

    if ($result) {
        echo '<script>window.location.href = "index.php";</script>';
        echo 'script>window.location.href = "index.php";</script>';
        exit();
    } else {
        echo "Error updating record: ".mysqli_error($conn);
}
else {
    header("Location: index.php");
    exit();
}
```

CS Dipindai dengan CamScanne

```
<?php
include("koneksi.php");

if (isset($_GET['del'])) {
    $delete = $_GET['del'];
    $delete_query = "DELETE FROM mahasiswa WHERE nim = '$delete'";

    if (mysqli_query($conn, $delete_query)) {
        echo '<script>alert("Data berhasil dihapus.");</script>';
        echo '<script>window.location.href = "index.php";</script>';
        exit();
    }"else {
        echo "Error: " . $delete_query . "<br>}
}
```

Untuk mengharus data mahabigwa Yang ala dunun database

CS Dipindai dengan CamScanner

Untuk MenCari Managinwa berdagarkan Program Gludi
